

## Temporary Closure of The Richards Library

[Warrensburg, NY] — The Richards Library is currently closed to the public due to a sprinkler system malfunction that caused flooding in both the upstairs and basement areas of the building.

Library staff and trustees are actively working to mitigate the damage and are coordinating with our insurance provider to complete all necessary repairs. At this time, we do not have a confirmed reopening date, but we will share updates on our website and official Facebook page as more information becomes available.

We are pleased to share that library Wi-Fi service has been fully restored. Community members are welcome to access the Wi-Fi from outside the building while parked on Library Avenue.

During the closure, we kindly ask patrons to refrain from returning library materials until we reopen. Alternatively, materials may be returned to other nearby SALS libraries in the area. All potential fines or late fees due to our closure will be waived.

We appreciate the community's patience and understanding as we work to safely restore the Library. We look forward to welcoming everyone back as soon as possible.
